2019 Chicago Fellows Program Program Description and Call for Applicants

Purpose

AFP Chicago's objective is to offer our educational resources and the collective professional expertise of our membership – in accessible and user-friendly formats – to assist individuals in building communities through philanthropy as well as building professional fundraising skills.

The **Fellows Program** is an outreach initiative of AFP Chicago created to build awareness of these resources, particularly to those individuals who have been in the profession for three years or less and might otherwise not have the opportunity or resources to take advantage of its services.

This program is offered to any individuals working with or for nonprofit organizations in metropolitan Chicago, with an emphatic interest in diversity, equity and inclusion, people of color and/or Lesbian/Gay/Bisexual/Transgender/Queer (LGBTQ).

Regular attendance is expected in this one-year program that will provide the following benefits to the selected Fellows:
